LAKE BUSINESS PRODUCTS GROWS STRONGER BY BECOMING AN HP DEALER!

Lake Business Products is now partnering with HP to become one of their key distributors. Their product launch began at the end of June and the Lake Business Products team will be trained on all aspects of HP products over the next several months. Some of the benefits of becoming an HP distributor are the ability to offer innovative business solutions and strong security offerings which include embedded cyber security at the device level. HP is a brand leader in printing devices.

Lake Business Products continues to be a proud Canon distributor and has earned the Canon Advanced Partner Elite Status once again in 2018. Canon recognizes the best dealers in the community with this elite program and Lake Business Products is ranked in the top 10% of Canon authorized dealers in the country to qualify for this honor. Dealers are measured by product availability, training, technical support and overall commitment to providing great service.

“Our commitment to the service of our customers is our top priority and adding HP products and services will allow us to serve our clients with even greater value.” Terri Cain, President and Chief Executive Officer

Upcoming Event:

Let's Get Security Under Wraps will be held on Thursday, September 20 from 1:00 p.m. to 4:00 p.m. at Lake Business Products at 37200 Research Drive Eastlake, OH 44095

Lake Business products will be partnering with Canon, HP and Continuum to provide valuable information about Cyber Security and how it impacts your business.
